Dear Mr. Yves Giroux:

I am writing in response to your February 12, 2020 request (IR0451) for information related to projects under the *Investing in Canada Plan* (IICP).

I am pleased to provide the following information:

- Table 1, which outlines all 5,972 of Infrastructure Canada's announced projects – as of February 12, 2020, and four projects delivered by the Canada Infrastructure Bank.
- Table 2, which provides Gas Tax Fund allocations from fiscal years 2007/08 to 2019/20 by province and territory, and the fiscal re-profiling of the Investing in Canada Plan for Budgets 2017, 2018 and 2019

Subsequent to the receipt of the above noted information request, I have written to my colleagues in the other federal organizations delivering programming under the Investing in Canada Plan, and will be coordinating the submission of their project-level data. As this work continues, I would be pleased to have my staff provide detailed updates to your office.

As reported on Infrastructure Canada's web site -

<https://www.infrastructure.gc.ca/plan/funding-financement-eng.html> - more than 52,000 projects have been approved under the Investing in Canada Plan. This figure includes 12,000 projects attributable to the Gas Tax Fund for the years 2016-17, 2017-18 and 2018-19. Project-level information is not available for these 12,000 projects, since they are not subject to federal approval.
