Dear Mr. Fréchette:

Thank you for your letter of 8 July, 2015, clarifying your request for certain financial and economic data related to the implementation of the Deficit Reduction Action Plan. You note your requirement for more detailed data than that provided in Environment Canada's Departmental Expenditure Plans (Part III) and in our Quarterly Financial Reports, "in order to provide meaningful independent analysis of the sustainability and service level impacts of spending restraint."

The attached table provides additional data in response to your request related to Environment Canada's implementation of Budget 2012. Once again, I would direct you to Environment Canada's Expenditure Plans (Part III), including the 2015-16 *Report on Plans and Priorities*, which provides a detailed description of spending at the sub-program level, for more complete data and information relevant to your request.

Sincerely,

Michael Martin
