Information Request: IR0721

Dear Minister Sudds:

As you are likely aware, the Parliamentary Budget Officer (PBO) provides independent and non-partisan analysis to the Senate and to the House of Commons about matters related to the nation's finances and the economy, the estimates, certain other government documents, and the cost of proposals. In carrying out my mandate, I often require information held by government departments and Crown corporations and I am entitled to free and timely access – subject to limited exceptions – to such information under section 79.4 of the *Parliament of Canada Act*.

I am currently undertaking an analysis pursuant to paragraph 79.2(1)(b) of the *Parliament of Canada Act*, which mandates the PBO to prepare reports on matters of particular significance relating to the nation's finances or economy that are listed in an annual work plan.

For this analysis, I am requesting a custom tabulation that includes:

- Historical contributions to the Canada Pension Plan (CPP) by province and territory, age, sex and year; and,
- Historical CPP benefits attributable to contributions in each province and territory, by year. Please include as a separate category the CPP benefits that are not attributable to any province and territory (such as benefits attributable to contributions made by non-residents). Please also distinguish the benefits attributable to each province and territory which were paid to persons not residing in Canada. Benefits should be attributed based on the rules set out in §77 to §79.2 of the *Canada Pension Plan Act*.

I am requesting this information for the years since the inception of the CPP (1966), or earliest available, to the most recent year available.

In order to provide the analysis to parliamentarians in a timely manner, I ask the information to be provided to my office no later than **December 4th, 2023**. If access to the requested information cannot be granted by that date, a response must be provided by you or your deputy minister as soon as possible.

Should you or your staff have any questions about this information request, the analyst responsible, Ben Segel-Brown can be contacted directly at Ben.Segel-Brown@parl.gc.ca, 613-407-8357.

Attached is a reply form. It too should be filled out and returned by December 4th, 2023, whether or not you provide access to the requested information. Should you refuse to provide access to the requested information, you or your deputy minister must provide a written justification for the refusal as required under section 79.41 of the *Parliament of Canada Act*.

The response letter will be posted on the PBO website and, therefore, it should not be marked "confidential". As well, the requested information should be attached separately. If this information is confidential, please clearly mark it as such, either on the electronic spreadsheet or the hard copy version.

Providing timely and effective analysis to the Senate and House of Commons and promoting greater budget transparency and accountability are the PBO's primary objectives. The degree to which this is possible depends, to a large extent, on free and timely access to quality information held by government departments. In doing so, you are assisting us in better serving the Senate, the House of Commons, and their members.

Yours Sincerely,

Yves Giroux

Parliamentary Budget Officer
