Dear Mr. Fréchette:

This is in response to your letter of September 9, 2013 in which you requested data for all leave codes for the last 10 years.

You will find enclosed a leave report which provides data for most of the leave codes that you requested. I would like to note that the leave report does not include long-term sick leaves for the 2003-2008 period. We expect to have this additional information provided to your office by Friday, September 20<sup>th</sup>.

I would also like to inform you that all the data for **Indian Residential Schools Adjudication Secretariat (IRA)** was transferred into the AANDC's database in June 2008, therefore the report includes 10 months of leave data in 2008 and, from 2009, all leave transactions are included.

Sincerely,

Michael Wernick
