Dear Mr. Fréchette:

**Re: Information Request IR0355**

I am responding to your letter of March 2, 2018, addressed to the Honourable Bill Morneau, Minister of Finance, in which you sought updated data on the allocation of legacy infrastructure programs presented in the Fall Economic Statement 2016.

As noted in the Department of Finance response to your request, dated March 10, 2018, we have worked with federal departments responsible for delivering legacy infrastructure programs and have updated the funding profile of these programs as requested. Please find this information attached.

Infrastructure Canada is expected to release a report on the Investing in Canada plan this month, which will include more detail on the allocation of legacy infrastructure programs. Officials from my office and from Infrastructure Canada are available to provide your staff with a briefing on the updated figures.

Yours sincerely,

Richard Botham  
Economic Development and Corporate  
Finance Branch
