Dear Mr. Fréchette:

Further to your letter of May 13, 2014 concerning Information Request: IR0156, which requested data on the Temporary Foreign Worker Program from Employment and Social Development Canada (ESDC), I am writing to provide you with an update on ESDC's work to compile the data.

Given the large volume of the data requested, I have asked officials to ensure that the data is complete and meets your requirements. Unfortunately, this cannot be completed by the May 23, 2014 timeline set out in your letter, but I am confident that it will be sent to you no later than June 9, 2014.

I appreciate your understanding of this short delay.

Yours sincerely,

Ian Shugart
