Re: PBO Information Request IR0124: Economic Action Plan 2013 initiative to consolidate procurement of end-user devices.

Dear Ms. Forand:

A parliamentarian has requested that I provide an independent cost estimate of a savings initiative outlined in the Economic Action Plan 2013; specifically the initiative on page 273 relating to "standardizing and consolidating procurement of end-user devices."

To respond to the parliamentarian's request, my office requests data and information associated with calculating the annual savings from this initiative. This includes:

- Historical total and per unit cost (annual)
- Projected total and per unit cost (annual)
- Any one-time expenditures associated with implementing this change.

In addition, could you also please indicate any assumptions regarding changes in the types of devices or telecommunication services that would influence the savings estimate.

Thank you for your attention to this matter. Please do not hesitate to contact my staff if any clarification is required.

Yours truly,

Sonia L'Heureux  
Parliamentary Budget Officer (interim)
