Mr. Yves Giroux  
Parliamentary Budget Officer  
Office of the Parliamentary Officer  
pbo-dpb@parl.gc.ca

Dear Mr. Giroux:

On behalf of the Honourable Steven Guilbeault, Minister of Environment and Climate Change, I am responding to your office's request of January 26, 2024 (IR0755).

Environment and Climate Change Canada will provide the following information:

- The most recent actual and projected emissions of CO<sub>2</sub>, N<sub>2</sub>O, CH<sub>4</sub>, HFC, PFC, SF<sub>6</sub>, NF<sub>3</sub> in each province and territory and in Canada (2021–2050) by sector according to the most disaggregated EC-Pro sector specification. These emissions are for the reference case scenario and the additional measures scenario as defined in Canada's *Greenhouse Gas and Air Pollutant Emissions Projections (2023)*.
- The projections of GDP; population; land use, land-use change and forestry; and Western Climate Initiative credits used for those scenarios until 2050.

This data contains confidential information. As such, I request that this information be for your internal use and that you comply with the *Statistics Act* regarding the publication of certain energy and emissions data. Given the size of the files, Environment and Climate Change Canada will arrange to transfer the data to your office in a suitable manner.

Should you require further clarification, the Department would be pleased to provide additional information.
