Dear Yves Giroux:

On behalf of the Honourable Chrystia Freeland, Minister of Transport and Internal Trade, I am responding to your request of June 13, 2025 (IR0831).

In this request, you sought *the breakdown of actual, committed, and planned funding of all infrastructure projects/programs under Transport Canada (TC)*. As well, you are requesting *the same data for TC projects/programs that are specifically under the Investing in Canada Plan*.

Following receipt of your request, departmental officials and staff from your office met to discuss the complexity of this request. As a result, we agreed on completing the request as follows:

- An extension of the due date to July 10, 2025;
- Eliminating the requirement to provide expenditure information by province, or details of approved reprofiles;
- Showing actuals and plans on a cash basis instead of accrual; and
- Providing total information without disclosing project details.

Of note, there were two separate components to the request:

- 1) Regular infrastructure – For regular infrastructure, we have provided a total of two lines:
 - a. Investments related to Federal owned assets
 - b. Transfer payment programs
- 2) Infrastructure expenses approved as part of the Investing in Canada Plan (IICP)

There are two tables included in each component:

- Actuals and Committed; and
- Planned – for which no formal obligation exists.

Canada

I trust that you find this information useful. Should you wish to discuss further, my office would be pleased to assist.

Sincerely,

A handwritten signature in black ink, appearing to be 'Arun Thangaraj', written over a light grey grid background.
