Re: PBO Information Request IR0076 – B

Dear Ms. d'Auray:

I am writing to request information pertaining to the 'Snapshot Employment Numbers of the Federal Public Service (as of March 31 each year) and available here: <http://publiservice.tbs-sct.gc.ca/res/stats/snet-edef-eng.asp>.

Your office has already provided a time series of employment numbers from 1989-90 to 2011-12. I seek a forward projection for the employment numbers for the next five fiscal years as well as an understanding of how the upcoming cuts to employment, reported to be 19,200, correspond to this projection.

In addition to numbers around employment, I also seek figures for the associated expenditures for Personnel, both historically from 1989-90 through to 2011-12 as well as forward looking for the upcoming five fiscal years. In particular, I am requesting forecast baselines around Personnel expenditures as well as an understanding of how total Personnel savings correspond to this projection.

Please provide this information in an electronic format.

My office will use this information for its research to track past trends in the federal personnel expenditures. Please let us know if any part of this request requires clarification.

Yours truly,

A handwritten signature in blue ink, appearing to read 'Kevin Page'.
