Dear Mr. Page:

Re: PBO Information Request 021

This is further to your letter of March 1, 2010, and my response of March 22, 2010, with respect to your request for aggregated summary data collected on annual T1 and T2 tax forms as described in Annex A of your letter.

We have examined our files and where possible, we have provided the summary data as requested. In some instances we did not have the information requested. I would like to point out that in no instance is the Canada Revenue Agency (CRA) able to impute a value for tax payable. The revenues for which data is requested are but one element of total revenues. As you are aware, tax payable is calculated on the basis of total revenues.

Please find attached a note that describes the information that the CRA is providing, mapped to your request, point by point. We have also attached five tables with the counts and amounts as described.

Should you require additional information, please do not hesitate to contact my office.

Sincerely,

Linda Lizotte-MacPherson
