Re: Information Request IR0528 and IR0590

I am writing to provide a response to IR0528 and IR0590 regarding measures related to the Public Health Agency of Canada's (PHAC) response to the COVID-19 outbreak. Our response is based on the following:

Information sought through IR0528

- The data on existing and future measures taken by the Agency in response to COVID-19, and more specifically, how the measure is being used (where applicable), the dollars associated, and additional details on the use of funds where a transfer payment is applicable;
- The number of tickets issued and associated dollar amounts in relation to the enforcement of the *Quarantine Act* on a national basis; and,
- A recipient distribution list of federally procured personal protective equipment.

Additional Information sought through IR0590

- A breakdown of activities and corresponding expenditures with respect to *Medical Research and Vaccines* and *Medical Countermeasures* reported under IR0528.

Please find the responses to the information request and the associated reply form attached to this letter. If you or your staff have any questions concerning this response, please contact Martin Krumins, Chief Financial Officer for PHAC, at 613-808-7468.
