Re: PBO Information Request IR0058

Dear Mr. Page:

This letter is in response to your request of December 9, 2011, regarding information about Shared Services Canada (SSC).

As you are aware, SSC was recently established by the Government of Canada with a mandate to consolidate and deliver IT infrastructure services, achieve savings, and transform the way in which email, data centres and networks are delivered. Unfortunately, we are not in a position at this time to provide the information which you have requested, as we have not yet completed the formal ministerial approvals process for any transformation initiatives that SSC will be undertaking.

In the near future, SSC will be producing its first *Report on Plans and Priorities*, which will contain key financial information on the new department. We will be pleased to follow up with your office when the information you are seeking becomes available.

Yours sincerely,

Liseanne Forand
President
