Information Request: IR0777

Dear Minister Freeland:

As you are likely aware, the Parliamentary Budget Officer (PBO) provides independent and non-partisan analysis to the Senate and to the House of Commons about matters related to the nation's finances and the economy, the estimates, certain other government documents, and the cost of proposals. In carrying out my mandate, I often require information held by government departments and Crown corporations and I am entitled to free and timely access – subject to limited exceptions – to such information under section 79.4 of the *Parliament of Canada Act*.

I am currently undertaking an analysis pursuant to paragraph 79.2(1)(b) of the *Parliament of Canada Act*, which mandates the PBO to prepare reports on matters of particular significance relating to the nation's finances or economy that are listed in an annual work plan.

For this analysis, I am requesting information related to the Government of Canada's investments in the EV supply chain, including support for Honda announced April 25:

- Methodology and assumptions used to estimate the \$2.5 billion in federal support to Honda through the proposed EV Supply Chain investment tax credit and the proposed Clean Technology Manufacturing investment tax credit.
- The Prime Minister's [April 25 news release](#) indicated that Canada has attracted more than \$46 billion investments in the EV supply chain since 2020. Please provide a list of all investments that make up the more than \$46 billion. For each investment, please include the corresponding federal and provincial support in the format of Appendix A.

In order to provide the analysis to parliamentarians in a timely manner, I ask the information to be provided to my office no later than **May 15<sup>th</sup>, 2024**. If access to the requested information cannot be granted by that date, a response must be provided by you or your deputy minister as soon as possible.

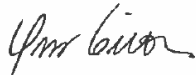

Should you or your staff have any questions about this information request, the analyst responsible, Jill Giswold can be contacted directly at [Jill.Giswold@parl.gc.ca](mailto:Jill.Giswold@parl.gc.ca), 613-297-3856.

Attached is a reply form. It too should be filled out and returned by May 15<sup>th</sup>, 2024, whether or not you provide access to the requested information. Should you refuse to provide access to the requested information, you or your deputy minister must provide a written justification for the refusal as required under section 79.41 of the *Parliament of Canada Act*.

The response letter will be posted on the PBO website and, therefore, it should not be marked "confidential". As well, the requested information should be attached separately. If this information is confidential, please clearly mark it as such, either on the electronic spreadsheet or the hard copy version.

Providing timely and effective analysis to the Senate and House of Commons and promoting greater budget transparency and accountability are the PBO's primary objectives. The degree to which this is possible depends, to a large extent, on free and timely access to quality information held by government departments. In doing so, you are assisting us in better serving the Senate, the House of Commons, and their members.

Yours Sincerely,

Yves Giroux

Parliamentary Budget Officer
