Re: Information Request: IR0681

Dear Mr. Giroux,

This is a follow up response to your letter dated March 23, 2023 in which you requested any information or data collected by the CRA on non-filers. Any data concerning the number of non-filers and, if possible, classified by reasons for non-filing e.g. death, moving out of country, non-compliance and non-participation. Furthermore, any analysis or data made on non-filers, specifically non-filers that do not file due to low income, disability or reasons other than non-compliance. Finally, any similar analysis made for gap-filers, i.e. those that file some years but not others.

We have applied due diligence in looking for information in support of your information request, and identified the enclosed research report that was recently published internally. While this paper does not provide all of the elements requested, we trust that it will help you in your analysis.

If desirable, CRA officials would be pleased to offer you or your officials a more detailed briefing on the research report to facilitate an accurate interpretation of the statistics and to communicate any data limitations.

Should you require additional information, please do not hesitate to contact me or Mr. Maxime Guénette, Chief Data Officer, Chief Service Officer and Assistant Commissioner, Service, Innovation and Integration Branch, at 613-286-4869.

Please accept, Sir, my best regards,

Bob Hamilton
