Dear Mr. Fréchette:

I am writing in response to your letter dated June 2, 2016, and subsequent letter of July 4, 2016, requesting information on Indigenous and Northern Affairs Canada support for First Nations elementary and secondary education.

Based on your request, I have attached seven annexes in order to address your questions. A crosswalk of your questions and which annex answers them is also included to facilitate your review.

In the cases where we were not able to provide a response, due to information not being available or verifiable, we have provided a response to address the limitation. In the cases where information is available, but not within the timeframe requested, we provided information for the years we could. Given all of this, I can assure you that we are providing all the information we have in our control, in order to respond to the entire request.

I sincerely appreciate the extension that was provided for us to properly compile all the information needed to respond to your request. If you have any questions or require any clarifications, do not hesitate to contact me.

Yours sincerely,

Hélène Laurendeau

Encl.
