Dear Mr. Fréchette:

I am writing in response to your letter of December 18, 2017, requesting information on the federal infrastructure initiative funded via the Budget 2016 infrastructure spending. I apologize for the delay in responding.

Based on your request, I have attached reports that provide information on projects by province, recipient, project name, description, and stage of projects. The report includes projects under the First Nations and Inuit Health Branch that was formally reported under Health Canada.

I greatly appreciate your interest in our programs and for providing me with an extension on this request. If you have any questions or require clarifications, do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Jane Philpott".

Hon. Jane Philpott, P.C., M.P.
