Information Request: IR0567

Dear Minister Qualtrough:

As you are likely aware, the Parliamentary Budget Officer (PBO) provides independent and non-partisan analysis to the Senate and to the House of Commons about matters related to the nation's finances and the economy, the estimates, certain other government documents, and the cost of proposals. In carrying out my mandate, I often require information held by government departments and Crown corporations and I am entitled to free and timely access – subject to limited exceptions – to such information under section 79.4 of the *Parliament of Canada Act*.

I am currently undertaking an analysis pursuant to paragraph 79.2(1)(a) of the *Parliament of Canada Act*, which mandates the PBO to prepare reports analyzing the following federal government documents: (i) a budget tabled by or on behalf of the Minister of Finance; (ii) an economic and fiscal update or statement issued by the Minister of Finance; (iii) a fiscal sustainability report issued by the Minister of Finance; (iv) the estimates of the government for a fiscal year.

For this analysis, I am requesting information on the number of Canada Emergency Response Benefit (CERB) recipients for all the claim periods since inception of the program, delineated by:

- The week of first payment;
- The number of weeks claimed;
- The total amount paid;
- The age, sex, and marital status of the recipients, and
- The number of dependents.

I would also like to obtain the information delineated by province of residence as well as total income for 2019 (categorized using income brackets from \$10,000 to a maximum of \$150,000) and total income for 2018. Where possible, please provide the average taxable income per year for each of the subgroups established under the above criteria. Please also create a category for workers whose income was derived primarily from self-employment in 2019, such as those for whom the sum of lines 13500, 13700, 13900, 14100, 14300 represents more than 50% of the amount reported on

line 15000 of the federal (T1) tax return for 2019. Alternatively, transaction level data including the above information could be an acceptable substitute.

In order to provide the analysis to parliamentarians in a timely manner, I ask the information to be provided to my office no later than **December 14, 2020**. If access to the requested information cannot be granted by that date, a response must be provided by you or your deputy minister as soon as possible.

Should you or your staff have any questions about this information request, the analyst responsible, Louis Perrault can be contacted directly at Louis.Perrault@parl.gc.ca, 613-292-7426.

Attached is a reply form. It too should be filled out and returned by December 14, 2020, whether or not you provide access to the requested information. Should you refuse to provide access to the requested information, you or your deputy minister must provide a written justification for the refusal as required under section 79.41 of the *Parliament of Canada Act*.

The response letter will be posted on the PBO website and, therefore, it should not be marked "confidential". As well, the requested information should be attached separately. If this information is confidential, please clearly mark it as such, either on the electronic spreadsheet or the hard copy version.

Providing timely and effective analysis to the Senate and House of Commons and promoting greater budget transparency and accountability are the PBO's primary objectives. The degree to which this is possible depends, to a large extent, on free and timely access to quality information held by government departments. In doing so, you are assisting us in better serving the Senate, the House of Commons, and their members.

Yours sincerely,

Yves Giroux
Parliamentary Budget Officer
