Request Number: IR0046

Dear Mr. Page:

On behalf of Mr. Paul Boothe, Deputy Minister of Environment Canada, I am responding to your letter of July 25, 2011 on the data pertaining to funding authority adjustments contained in the Supplementary Estimates that have occurred after the Main Estimates presentation.

Due to the dissolution of Parliament for a general election, the amounts of Supplementary Estimates were only granted to the departments who had priority requests. Environment Canada did not receive any Supplementary Estimates. Consequently, the funding authorities remain the same as the ones presented in the Main Estimates.

If you have any questions, feel free to contact Lyne Lévesque-Pilon at (819) 953-8189.

Sincerely,

Carol Najm
