Mr. Kevin Page
Parliamentary Budget Officer
Library of Parliament
Parliament Buildings
OTTAWA ON K1A 0A9

Dear Mr. Page: *Kevin*

I am writing in response to your letter of January 28, 2013, requesting additional information on education and school infrastructure funding.

I have attached the following data to satisfy your request:

1. A reconciled list of schools on reserve in British Columbia in 2012-2013 by band and by school name. This list includes the Listed Asset Replacement Value for each school and the associated date of valuation, as well as the expected remaining life. Additional descriptions for General Condition Rating codes for schools assets on reserve in British Columbia; and
2. The Annual Federal Investment in School Infrastructure from 2007-2008 to 2011-2012, including additional detail for both capital and for operations and maintenance, by region and band.

As in the past, should you wish to access our Integrated Capital Management system, we would be pleased to make a terminal available to obtain the additional data you require. I would suggest that you contact Mr. Karl Carisse, Director General, Community Infrastructure Branch, at 819-953-4636 or at karl.carisse@aandc.gc.ca to make arrangements.

Yours sincerely,

Michael Wernick

Encl.
