Information Request: IR0649

Dear Mr. Scott:

As you are likely aware, the Parliamentary Budget Officer (PBO) provides independent and non-partisan analysis to the Senate and to the House of Commons about matters related to the nation's finances and the economy, the estimates, certain other government documents, and the cost of proposals. In carrying out my mandate, I often require information held by government departments and Crown corporations and I am entitled to free and timely access – subject to limited exceptions – to such information under section 79.4 of the *Parliament of Canada Act*.

I am currently undertaking an analysis pursuant to paragraph 79.2(1)(a) of the *Parliament of Canada Act*, which mandates the PBO to prepare reports analyzing the following federal government documents: (i) a budget tabled by or on behalf of the Minister of Finance; (ii) an economic and fiscal update or statement issued by the Minister of Finance; (iii) a fiscal sustainability report issued by the Minister of Finance; (iv) the estimates of the government for a fiscal year.

For this analysis, I am requesting direct and indirect expenses that will pertain to the administration of C-18 (An Act respecting online communications platforms that make news content available to persons in Canada), and related tax expenditures. Where possible, please classify the costs by standard object and identify whether they are variables, fixed, or step-wise variable.

Specifically, I need any information relating to the funding of 8.5 million over two years that the Canadian Radio-television and Telecommunications Commission will receive (page 187 of the 2022 Budget), including expected additional tasks, associated full-time Equivalent positions and associated costs. If costs are not available for any of these aspects, please include the cost of similar aspects in comparable policies that you have administered in the past. As well, please identify any anticipated capital costs associated with this programming.

With respect to enacting Bill C-18:

- What will be the digital news intermediaries subject to the Act?

- What will be news businesses subject to the act?
- What share of administrative cost will be incurred by the digital news intermediaries?
- What will be the cohort of services that will be regulated by the CRTC, what will be the contribution to those cost by the parties?
- How much does it cost to the CRTC to process complaints and what proportion of this amount is charged to the parties?
- How much does it to the CRTC cost to cause an independent auditor to prepare an annual report?
- What are the resources needed to oversee a bargaining process?
- Any other information related to the administration of a similar program

In order to provide the analysis to parliamentarians in a timely manner, I ask the information to be provided to my office no later than **June 16th, 2022**. If access to the requested information cannot be granted by that date, a response must be provided by you as soon as possible.

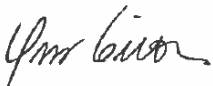

Should you or your staff have any questions about this information request, the analyst responsible, Rolande Kpekou Tossou can be contacted directly at Rolande.KpekouTossou@parl.gc.ca, 613-617-5709.

Attached is a reply form. It too should be filled out and returned by June 16th, 2022, whether or not you provide access to the requested information. Should you refuse to provide access to the requested information, you must provide a written justification for the refusal as required under section 79.41 of the *Parliament of Canada Act*.

The response letter will be posted on the PBO website and, therefore, it should not be marked "confidential". As well, the requested information should be attached separately. If this information is confidential, please clearly mark it as such, either on the electronic spreadsheet or the hard copy version.

Providing timely and effective analysis to the Senate and House of Commons and promoting greater budget transparency and accountability are the PBO's primary objectives. The degree to which this is possible depends, to a large extent, on free and timely access to quality information held by government departments. In doing so, you are assisting us in better serving the Senate, the House of Commons, and their members.

Yours Sincerely,

Yves Giroux

Parliamentary Budget Officer
