Information Request: IR0626

Dear Minister Champagne:

As you are likely aware, the Parliamentary Budget Officer (PBO) provides independent and non-partisan analysis to the Senate and to the House of Commons about matters related to the nation's finances and the economy, the estimates, certain other government documents, and the cost of proposals. In carrying out my mandate, I often require information held by government departments and Crown corporations and I am entitled to free and timely access – subject to limited exceptions – to such information under section 79.4 of the *Parliament of Canada Act*.

I am currently undertaking an analysis pursuant to paragraph 79.2(1)(b) of the *Parliament of Canada Act*, which mandates the PBO to prepare reports on matters of particular significance relating to the nation's finances or economy that are listed in an annual work plan.

For this analysis, I am requesting:

1. A detailing of all Industrial and Technological Benefits (ITB) Policy contracts that were active and/or made investments from 2013 to 2020 inclusively with the following details:

- Year of contract awarded;
- Name of contract;
- Obligation amount;
- Amounts by completion status (e.g. Completed, In progress, to be identified, etc.); and,
- Achievement period.

2. For each ITB contract identified in part 1, a list of all related transactions (regardless of the year of the transaction) with the following information provided for each transaction:

- Subcontractor involved;

- Location of transaction work (if possible);
- Year of credit recognized;
- Whether it is a Direct or indirect transaction or in-kind transfer;
- Whether the firm is a Small and Medium-sized Business (SMB);
- Multiplier applied;
- % of Canadian content value (CCV) applied; and,
- NAICS code and Input-Output multipliers applied, both Statistics Canada and ISED adjusted.

Please note that multiple transactions from the same subcontractor should be separately identified.

If any contracts or transactions are missing or excluded for either part, please provide a written explanation as to why. Please also ensure that any foreign or non-CCV units are clearly noted.

3. A list of all banked ITB credits with the associated firm and contract under which the banked obligations were obtained.

In order to provide the analysis to parliamentarians in a timely manner, I ask the information to be provided to my office no later than **February 25th 2022**. If access to the requested information cannot be granted by that date, a response must be provided by you or your deputy minister as soon as possible.

Should you or your staff have any questions about this information request, the analyst responsible, Albert Kho can be contacted directly at Albert.Kho@parl.gc.ca, 613-292-7472.

Attached is a reply form. It too should be filled out and returned by February 25th 2022, whether or not you provide access to the requested information. Should you refuse to provide access to the requested information, you or your deputy minister must provide a written justification for the refusal as required under section 79.41 of the *Parliament of Canada Act*.

The response letter will be posted on the PBO website and, therefore, it should not be marked "confidential". As well, the requested information should be attached separately. If this information is confidential, please clearly mark it as such, either on the electronic spreadsheet or the hard copy version.

Providing timely and effective analysis to the Senate and House of Commons and promoting greater budget transparency and accountability are the PBO's primary objectives. The degree to which this is possible depends, to a large extent, on free and timely access to quality information held by government departments. In doing so, you are assisting us in better serving the Senate, the House of Commons, and their members.

Yours Sincerely,

Yves Giroux

Parliamentary Budget Officer
